

# SAFETY DATA SHEET

# 1. Identification

| Product identifier              | POLYSTEP A-16-17         |                 |
|---------------------------------|--------------------------|-----------------|
| Other means of identification   |                          |                 |
| Product code                    | 7358                     |                 |
| Recommended use                 | Surfactant               |                 |
| <b>Recommended restrictions</b> | For industrial use only. |                 |
| Manufacturer/Importer/Supplier/ | Distributor information  |                 |
| Manufacturer                    |                          |                 |
| Company name                    | Stepan Company           |                 |
| Address                         | 22 West Frontage Road    |                 |
|                                 | Northfield, IL 60093     |                 |
|                                 | USA                      |                 |
| Telephone                       | General                  | 1-847-446-7500  |
| E-mail                          | Not available.           |                 |
| Emergency phone number          | Medical                  | 1-800-228-5635  |
|                                 | Chemtrec                 | 1-800-424-9300  |
|                                 | Chemtrec Int'l           | +1 703-527-3887 |
|                                 |                          |                 |

# 2. Hazard(s) identification

| Physical hazards      | Not classified.  |            |
|-----------------------|--|------------|
| Health hazards        | Skin corrosion/irritation                              | Category 2 |
|                       | Serious eye damage/eye irritation                      | Category 1 |
| Environmental hazards | Hazardous to the aquatic environment, long-term hazard | Category 3 |
| OSHA defined hazards  | Not classified.  |            |

Label elements

| Signal word                                  | Danger  |
|--|---|
| Hazard statement                             | Causes skin irritation. Causes serious eye damage. Harmful to aquatic life with long lasting effects.   |
| Precautionary statement                      |   |
| Prevention                                   | Wash thoroughly after handling. Wear protective gloves. Wear eye/face protection. Avoid release to the environment.   |
| Response                                     | If on skin: Wash with plenty of water. If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a poison center/doctor. If skin irritation occurs: Get medical advice/attention. Take off contaminated clothing and wash before reuse. |
| Storage                                      | Store away from incompatible materials.   |
| Disposal                                     | Dispose of contents/container in accordance with local/regional/national/international regulations.   |
| Hazard(s) not otherwise<br>classified (HNOC) | None known.   |
| Supplemental information                     | None.   |

# 3. Composition/information on ingredients

Mixtures

| Chemical name | Common name and synonyms | CAS number | %         |
|---------------|--------------------------|------------|-----------|
| Water         |                          | 7732-18-5  | 80 - < 90 |

| <br>Chemical name   | Common name and synonyms | CAS number | %         |
|---|--------------------------|------------|-----------|
| Sodium Dodecylbenzenesulfonate<br>(C11-13 Br) (alternate CAS<br>69227-09-4) |                          | 68608-89-9 | 10 - < 20 |

Other components below reportable levels

\*Designates that a specific chemical identity and/or percentage of composition has been withheld as a trade secret.

| "Designates that a specific chemical identity and/or percentage of composition has been withheid as a trade secret. |  |  |  |
|---|--|--|--|
| 4. First-aid measures   |  |  |  |
| Inhalation  | Move to fresh air. Call a physician if symptoms develop or persist.  |  |  |
| Skin contact  | Remove contaminated clothing. Wash with plenty of soap and water. Take off contaminated clothing and wash before reuse. If skin irritation occurs: Get medical advice/attention.   |  |  |
| Eye contact   | Immediately flush eyes with plenty of water for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical attention immediately.  |  |  |
| Ingestion   | Rinse mouth. IF SWALLOWED: Call a POISON CENTER or doctor/physician if you feel unwell. Do not induce vomiting without advice from poison control center.  |  |  |
| Most important<br>symptoms/effects, acute and<br>delayed  | Severe eye irritation. Symptoms may include stinging, tearing, redness, swelling, and blurred vision. Permanent eye damage including blindness could result. Skin irritation. May cause redness and pain.  |  |  |
| Indication of immediate<br>medical attention and special<br>treatment needed  | Provide general supportive measures and treat symptomatically. In case of shortness of breath, give oxygen. Keep victim warm. Keep victim under observation. Symptoms may be delayed.  |  |  |
| General information   | In the case of accident or if you feel unwell, seek medical advice immediately (show the label where possible). Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves.   |  |  |
| 5. Fire-fighting measures   |  |  |  |
| Suitable extinguishing media  | Water fog. Foam. Dry chemical powder. Carbon dioxide (CO2).  |  |  |
| Unsuitable extinguishing media  | Do not use water jet as an extinguisher, as this will spread the fire.   |  |  |
| Specific hazards arising from the chemical  | During fire, gases hazardous to health may be formed.  |  |  |
| Special protective equipment<br>and precautions for firefighters  | Self-contained breathing apparatus and full protective clothing must be worn in case of fire.  |  |  |
| Fire fighting<br>equipment/instructions   | Move containers from fire area if you can do so without risk.  |  |  |
| Specific methods  | Use standard firefighting procedures and consider the hazards of other involved materials.   |  |  |
| General fire hazards  | No unusual fire or explosion hazards noted.  |  |  |
| 6. Accidental release meas  | sures  |  |  |
| Personal precautions,<br>protective equipment and<br>emergency procedures   | Keep unnecessary personnel away. Keep people away from and upwind of spill/leak. Wear appropriate protective equipment and clothing during clean-up. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. Ensure adequate ventilation. Local authorities should be advised if significant spillages cannot be contained. For personal protection, see section 8 of the SDS. |  |  |
| Methods and materials for   | Prevent entry into waterways, sewer, basements or confined areas.  |  |  |
| containment and cleaning up   | Large Spills: Stop the flow of material, if this is without risk. Dike the spilled material, where this is possible. Cover with plastic sheet to prevent spreading. Absorb in vermiculite, dry sand or earth and place into containers. Following product recovery, flush area with water.   |  |  |
|   | Small Spills: Wipe up with absorbent material (e.g. cloth, fleece). Clean surface thoroughly to remove residual contamination.   |  |  |
|   | Never return spills to original containers for re-use. For waste disposal, see section 13 of the SDS.  |  |  |
| Environmental precautions   | Avoid release to the environment. Inform appropriate managerial or supervisory personnel of all environmental releases. Prevent further leakage or spillage if safe to do so. Do not contaminate water. Avoid discharge into drains, water courses or onto the ground.   |  |  |

1 - < 3

# 7. Handling and storage

| 7. Handling and storage                                      |   |
|--|---|
| Precautions for safe handling                                | Do not taste or swallow. Avoid contact with eyes, skin and clothing. When using, do not eat, drink or smoke. Provide adequate ventilation. Wear appropriate personal protective equipment. Wash hands thoroughly after handling. Avoid release to the environment. Do not empty into drains. Observe good industrial hygiene practices.   |
| Conditions for safe storage, including any incompatibilities | Store in tightly closed container. Store away from incompatible materials (see Section 10 of the SDS).  |
| 8. Exposure controls/perse                                   | onal protection   |
| Occupational exposure limits                                 | This mixture has no ingredients that have PEL, TLV, or other recommended exposure limit.  |
| Biological limit values                                      | No biological exposure limits noted for the ingredient(s).  |
| Appropriate engineering<br>controls                          | Good general ventilation should be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level. Ensure adequate ventilation, especially in confined areas. Eye wash facilities and emergency shower must be available when handling this product. |
| Individual protection measures,                              | such as personal protective equipment   |
| Eye/face protection  | Wear safety glasses with side shields (or goggles). Face shield is recommended.   |
| Skin protection  |   |
| Hand protection  | Wear appropriate chemical resistant gloves.   |
| Other  | Wear appropriate chemical resistant clothing.   |
| <b>Respiratory protection</b>                                | In case of insufficient ventilation, wear suitable respiratory equipment.   |
| Thermal hazards  | Wear appropriate thermal protective clothing, when necessary.   |
| General hygiene<br>considerations                            | When using, do not eat, drink or smoke. Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants.   |

# 9. Physical and chemical properties

| Appearance                              |  |
|---|--|
| Physical state                          | Liquid.  |
| Form                                    | Liquid.  |
| Color                                   | Not available.                                   |
| Odor                                    | Not available.                                   |
| Odor threshold                          | Not available.                                   |
| рН                                      | 7 - 8.5 (10% in water)                           |
| Melting point/freezing point            | 41 °F (5 °C)                                     |
| Initial boiling point and boiling range | 212 °F (100 °C)                                  |
| Flash point                             | > 201.0 °F (> 93.9 °C) Pensky-Martens Closed Cup |
| Evaporation rate                        | Estimated slower than ethyl ether                |
| Flammability (solid, gas)               | Not applicable.                                  |
| Upper/lower flammability or exp         | losive limits                                    |
| Flammability limit - lower<br>(%)       | Not available.                                   |
| Flammability limit - upper<br>(%)       | Not available.                                   |
| Explosive limit - lower (%)             | Not available.                                   |
| Explosive limit - upper (%)             | Not available.                                   |
| Vapor pressure                          | Not determined or unknown                        |
| Vapor density                           | Not available.                                   |
| Relative density                        | Not available.                                   |
| Solubility(ies)                         |  |
| Solubility (water)                      | Not available.                                   |
|   |  |

| Auto-ignition temperature   | Not available.   |
|-----------------------------|------------------|
| Decomposition temperature   | Not available.   |
| Viscosity                   | 125 cP @ 25C     |
| Other information           |                  |
| Density                     | 1.01 g/cm3 @ 25C |
| Explosive properties        | Not explosive.   |
| <b>Oxidizing properties</b> | Not oxidizing.   |
| Pour point                  | 64.4 °F (18 °C)  |
|                             |                  |

# 10. Stability and reactivity

| Reactivity                            | The product is stable and non-reactive under normal conditions of use, storage and transport.   |
|---------------------------------------|---|
| Chemical stability                    | Material is stable under normal conditions.   |
| Possibility of hazardous<br>reactions | No dangerous reaction known under conditions of normal use.   |
| Conditions to avoid                   | Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. Avoid temperatures exceeding the flash point. Contact with incompatible materials. |
| Incompatible materials                | Strong oxidizing agents.  |
| Hazardous decomposition<br>products   | Upon decomposition, this product may yield sulfur dioxide and oxides of sulfur.   |

# 11. Toxicological information

### Information on likely routes of exposure

| Inhalation   | Prolonged inhalation may be harmful.  |
|--|---|
| Skin contact   | Causes skin irritation.   |
| Eye contact  | Causes serious eye damage.  |
| Ingestion  | Expected to be a low ingestion hazard.  |
| Symptoms related to the<br>physical, chemical and<br>toxicological characteristics | Severe eye irritation. Symptoms may include stinging, tearing, redness, swelling, and blurred vision. Permanent eye damage including blindness could result. Skin irritation. May cause redness and pain. |
| 1.6  |   |

## Information on toxicological effects

### Acute toxicity

| Product                           | Species  | Test Results                                    |
|-----------------------------------|--|---|
| POLYSTEP A-16-17                  |  |   |
| Acute                             |  |   |
| Dermal                            |  |   |
| LD50                              | Rabbit   | > 2000 mg/kg                                    |
| Oral                              |  |   |
| LD50                              | Rat  | > 2000 mg/kg                                    |
| Skin corrosion/irritation         | Causes skin irritation.  |   |
| Serious eye damage/eye irritation | Causes serious eye damage.   |   |
| Respiratory or skin sensitizatio  | n  |   |
| <b>Respiratory sensitization</b>  | Not a respiratory sensitizer.  |   |
| Skin sensitization                | This product is not expected to cause skin sensitization.  |   |
| Germ cell mutagenicity            | No data available to indicate product or any components present at greater than 0.1% are mutagenic or genotoxic. |   |
| Carcinogenicity                   | This product is not considered to  | b be a carcinogen by IARC, ACGIH, NTP, or OSHA. |
| IARC Monographs. Overall          | Evaluation of Carcinogenicity  |   |
| Not listed.                       |  |   |
| OSHA Specifically Regulate        | ed Substances (29 CFR 1910.100   | 1-1052)   |
| Not regulated.                    |  |   |
| US. National Toxicology Pr        | ogram (NTP) Report on Carcinog   | <b>Jens</b>                                     |
| Not listed.                       | ot listed.   |   |

| Reproductive toxicity                                 | This product is not expected to cause reproductive or developmental effects.               |  |
|---|--|--|
| Specific target organ toxicity - single exposure      | Not applicable.  |  |
| Specific target organ toxicity -<br>repeated exposure | Not applicable.  |  |
| Aspiration hazard                                     | Not applicable.  |  |
| 12. Ecological information                            |  |  |
| Ecotoxicity   | Harmful to aquatic life with long lasting effects.   |  |
| Persistence and degradability                         | Expected to be inherently biodegradable.   |  |
| Bioaccumulative potential                             | No data available.   |  |
| Mobility in soil                                      | No data available.   |  |
| Other adverse effects                                 | No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation |  |

### 13. Disposal considerations

| Disposal instructions                    | Dispose of contents/container in accordance with local/regional/national/international regulations.  |
|--|--|
| Local disposal regulations               | Dispose in accordance with all applicable regulations.   |
| Hazardous waste code                     | The waste code should be assigned in discussion between the user, the producer and the waste disposal company.   |
| Waste from residues / unused<br>products | Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions). |
| Contaminated packaging                   | Empty containers should be taken to an approved waste handling site for recycling or disposal.<br>Since emptied containers may retain product residue, follow label warnings even after container is<br>emptied. |

## 14. Transport information

#### DOT

Not regulated as dangerous goods.

### ΙΑΤΑ

Not regulated as dangerous goods.

# IMDG

Not regulated as dangerous goods.

# Transport in bulk according to Not established. Annex II of MARPOL 73/78 and the IBC Code

### 15. Regulatory information

**US** federal regulations

This product is a "Hazardous Chemical" as defined by the OSHA Hazard Communication Standard, 29 CFR 1910.1200.

potential, endocrine disruption, global warming potential) are expected from this component.

#### **Toxic Substances Control Act (TSCA)**

#### TSCA Section 12(b) Export Notification (40 CFR 707, Subpt. D)

Not regulated.

#### CERCLA Hazardous Substance List (40 CFR 302.4)

Not listed.

#### SARA 304 Emergency release notification

#### Not regulated.

OSHA Specifically Regulated Substances (29 CFR 1910.1001-1052)

Not regulated.
